INTRODUCTION.

The City has annually since 1821 issued a volume containing, until 1829, a register of the City Council and a list of the officers. In 1829 the City Charter, in 1830 the Acts relating to Boston and the ordinances, and in 1832 an index, were added. The volume for 1822 contains fifteen pages, and for 1840 eighty-five pages, and three pages of index. The volumes up to and including 1840 bear the title: The Rules and Orders of the Common Council. Beginning in 1841 a much improved volume — THE MUNICIPAL REGISTER — was substituted, containing the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers; from 1842 to 1864 it also contains a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City; in 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen were inserted; in 1876 statistics of registration and voting were included, and, since 1879, in tabulated form. From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER contained a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 was added in 1910, and the amendments of same since are shown in footnotes.

Beginning in 1924, *The Boston Yearbook*, the most comprehensive municipal publication yet undertaken, will deal extensively with municipal activities as well as with community conditions and interests.

The important statistical tables heretofore contained in THE MUNICIPAL REGISTER will be continued in the *Yearbook*.

THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows: — 'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'Sicut Patribus Sit Deus Nobis,' and the inscription, 'Bostonia Condita, A.D. 1630. Civitatis Regimine Donata, A.D. 1822,' as herewith set forth."

The seal as changed in 1827 is shown on the second page.

RULES OF THE CITY COUNCIL.*

Day of Meeting.

Rule 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at two o'clock p. m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors.

President.

Rule 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and, a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president or until a presiding officer is chosen.

Rule 3. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and, when properly seconded, no other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"Shall the decision of the chair stand as the judgment of the council?"

The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

Rule 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

Rule 5. The president shall, at the request of any member, make a division of a question when the sense will admit.

Rule 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

Rule 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

Rule 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

* At the meeting of the City Council on February 11, 1924, the rules of the City Council of 1923 were adopted as the rules of the City Council of 1924.

Rule 9. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

Motions.

Rule 10. Every motion shall be reduced to writing if the president shall so direct.

Rule 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

Rule 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

Rule 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

Rule 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

Rule 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

Rule 16. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous question, shall be decided without debate.

Readings.

Rule 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made; *provided, however*, that all orders for the expenditure of money presented to, or reported upon by a committee of, the council, shall lie over for one week before final action thereon. Whenever the second reading immediately follows the first reading, the document may be read by its title only; *provided*, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

Reconsideration.

Rule 18. When a vote has been passed, any member may move a reconsideration thereof at the same meeting, or he may give notice to the clerk, within twenty-four hours of the adjournment of any meeting except the final meeting, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting. No member shall speak for more than ten minutes on a motion to reconsider.

Rule 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

To adjourn.
The previous question.
To lay on the table.
To take from the table.
To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely, and the effect of such action in either case shall be to defeat the motion to reconsider.

Conduct of Members.

Rule 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular

meeting, and, failing to do so, shall be named by the president, or held in contempt and suspended from further participation in debate until said apology is made.

RULE 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 22. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 23. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

STANDING COMMITTEES.

RULE 24. The following standing committees of the council, and all other committees, unless specially directed by the council, shall be appointed by the president:

1. A committee, to be known as the *Executive Committee*, to consist of all the members of the council.
2. A committee on *Appropriations*, to consist of all the members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time.
3. A committee on *Branch Libraries*, to consist of five members of the council.
4. A committee on *Claims*, to consist of five members of the council, to whom shall be referred all claims against the city arising from the act or neglect of any of its departments. They shall report annually a list of the claims awarded or approved by them, and the amount of money awarded or paid in settlement thereof.
5. A committee on *County Accounts*, to consist of five members of the council.
6. A committee on *Finance*, to consist of all the members of the council, to whom shall be referred all applications for expenditure which involve a loan.
7. A committee on *Fire Hazard*, to consist of five members of the council.
8. A committee on *Inspection of Prisons*, to consist of five members of the council.
9. A committee on *Legislative Matters*, to consist of five members of the council, who shall, unless otherwise ordered, appear before the committees of the General Court and represent the interests of the city; *provided*, said committee shall not appear unless authorized by vote of the

city council, and shall not, unless directed so to do by the city council oppose any legislation petitioned for by the preceding city council.

10. A committee on *Ordinances*, to consist of all the members of the council, to whom shall be referred all ordinances or orders concerning ordinances.

11. A committee on *Parkman Fund*, to consist of five members of the council, to whom shall be referred all matters concerning the Parkman property or the expenditure of the income from the Parkman Fund.

12. A committee on *Printing*, to consist of five members of the council, who shall have the charge of all printing, advertising or publishing ordered by the city council, as one of its contingent or incidental expenses, and the supply of all stationery or binding for the same purpose. Spectators will be allowed in the gallery of the council chamber when the council is in session, and no one will be admitted to said gallery after the seats are occupied. The city messenger shall enforce this rule.

Rule 29. No smoking shall be allowed in the council chamber when the council is in session.

No committee meeting shall be called later than one hour immediately preceding the time set for any regular meeting of the city council, nor shall any committee remain in session later than the hour named for any such regular meeting.

Amendment and Suspension.

Rule 34. The foregoing rules shall not be altered, amended, suspended or repealed at any time, except by the votes of two-thirds of the members of the city council present and voting thereon.

AMENDED CITY CHARTER OF 1909.

[With footnotes as to Amendments in 1910, 1912, 1914, 1918, 1919, 1921 and 1922.]

THE MAYOR AND CITY COUNCIL.

SECTION 1. The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock A.M. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively. The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECT. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall

---

NOTE.— The Amended City Charter is contained in Chap. 486, Acts of 1909, consisting of 63 sections. Secs. 35 to 44, inclusive, are omitted, as these concern the alternative amendments which became inoperative on the adoption of Plan 2 by the voters in the State election, November 2, 1909.

be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3. All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between December first and February first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto

in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the *City Record*.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construc-

tion, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

The Executive Department.

Sect. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts

in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10.* In making such appointments the mayor shall sign a certificate in the following form:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a recognized expert in the work which will devolve upon him, and that I make the appointment solely in the interest of the city. Mayor.

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a certificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions

* Sect. 10, amended by Chap. 550, Acts of 1912, now provides that if an appointee is accused of a crime, misdemeanor or act of dishonesty, he has a right to a hearing, where full opportunity shall be given to explain or refute the charge.

of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

Sect. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

Sect. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

Sect. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

Sect. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

The Finance Commission.

Sect. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be

filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20.* The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of twenty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council, and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least twenty-five thousand dollars to meet the expenses as aforesaid shall be appropriated each year by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

* Sect. 20, amended by Chap. 81, Acts of 1921, now allows for Finance Commission's annual expenses $35,000 instead of $25,000.

The City Clerk.

Sect. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

The City Auditor.

Sect. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

Sect. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

Sect. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

Miscellaneous Provisions.

Sect. 26.* All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as

* Sect. 26 amended by Chap. 437, Acts of 1910, which exempts all loans issued for rapid transit construction from the prohibition as to sinking funds.

amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the effect of the premiums, if any, shall be to reduce the total amount of bonds issued. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent.

SECT. 27.* Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the fifth day of May in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the thirtieth day of April preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls; and when verified the said lists shall be printed by the superintendent of printing as a city document.

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued.

SECT. 29. Within ninety days after the passage of this act and thereafter there shall be published at least once a week and distributed and sold under the direction of the mayor and on terms to be fixed by the city council and approved by the mayor a paper to be known as the *City Record*. All advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials, or supplies, the sale of bonds, or the sale of property for non-payment of taxes shall appear exclusively in said paper; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of

Acts of 1919, changing the date from April 30 to June 1 for the annual listing of officials and employees, also by Chap. 133, Acts of 1922, directing the City auditor to keep a copy of said list open for public inspection, and that it be printed as a public document in 1923 and every two years thereafter.

The proceedings of the city council and school committee together with all communications from the mayor, shall be published in the *City Record*.

SECT. 30. Every officer or board in charge of a department in said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds one thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisement in the *City Record*. Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

SECT. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. All proceedings in the taking of land shall be under the advice of the law department, and a record thereof shall be kept by said department.

The present terms of office of members of the school committee are hereby extended to the first Monday of February in the years in which their terms respectively expire, and hereafter the terms of office of members of the school committee shall begin with the first Monday of February following their election. The members of the school committee hereafter shall meet and organize annually on the first Monday of February.

SECT. 34. In Boston beginning with the current year political committees shall be elected at the state primaries instead of at the municipal primaries.

THE MAYOR.

SECT. 45.* The mayor of the city of Boston shall be elected at large to hold office for the term of four years from the first Monday in February following his election and until his successor is chosen and qualified, except as hereinafter provided.

SECT. 46. (Repealed by Chap. 94, Special Acts of 1918. This section provided for the recall of the Mayor.)

SECT. 47. If a vacancy occurs in the office of mayor within two months prior to a regular municipal election other than an election for mayor, or within four months after any regular municipal election, the city council shall forthwith order a special election for a mayor to serve for the unexpired term, subject if the vacancy occurs in the first or second year of the mayor's term to recall under the provisions of the preceding section. If such vacancy occurs at any other time there shall be an election for mayor at the municipal election held in January† next following, for the term of four years, subject to recall as aforesaid. In the case of the decease, inability, absence or resignation of the mayor, and whenever there is a vacancy in the office from any cause, the president of the city council while said cause continues or until a mayor is elected shall perform the duties of mayor. If he is also absent or unable from any cause to perform such duties they shall be performed until the mayor or president of the city council returns or is able to attend to said duties by such member of the city council as that body may elect, and until such election by the city clerk. The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters

The City Council.

Sect. 48. There shall be elected at large in said city a city council consisting of nine members. At the first election under this act there shall be elected nine members of said city council. No voter shall vote for more than nine. The three candidates receiving the largest number of votes at said election shall hold office for three years, the three receiving the next largest number of votes shall hold office for two years, the three receiving the next largest number of votes shall hold office for one year. In case two or more persons elected should receive an equal number of votes those who are the seniors by age shall for the division into classes hereby required be classified as if they had received the larger number of votes in the order of ages. Thereafter at each annual municipal election there shall be chosen at large three members of the city council to hold office for a term of three years. No voter shall vote for more than three. All said terms shall begin with the first Monday of February following the election.

Sect. 49. Each member of the city council shall be paid an annual salary of fifteen hundred dollars; and no other sum shall be paid from the city treasury for or on account of any personal expenses directly or indirectly incurred by or in behalf of any member of said council.

Sect. 50. The city council shall be the judge of the election and qualifications of its members; shall elect from its members by vote of a majority of all the members a president who when present shall preside at the meetings thereof; shall from time to time establish rules for its proceedings, and shall, when a vacancy occurs in the office of any member, elect by vote of a majority of all the members a registered voter of said city to fill the vacancy for the remainder of the municipal year. The vacancy for the remainder of the unexpired term shall be filled at the next annual municipal election, unless the vacancy occurs within two months prior to such municipal election, in which event the city council shall forthwith order a special election to fill the vacancy for the unexpired term. The member eldest in years shall preside until the president is chosen, and in case of the absence of the president, until a presiding officer is chosen.

Sect. 51. All elections by the city council under any provision of law shall be made by a *viva voce* vote, each member who is present answering to his name when it is called by the clerk or other proper officer, and stating the name of the person for whom he votes, or declining to vote as the case may be; and the clerk or other proper officer shall record every such vote. No such election shall be valid unless it is made as aforesaid.

Sect. 52. No primary election or caucus for municipal offices shall be held hereafter in the city of Boston, and all laws relating to primary elections and caucuses for such offices in said city are hereby repealed.

SECT. 53.* Any male qualified registered voter in said city may be nominated for any municipal elective office in said city, and his name as such candidate shall be printed on the official ballot to be used at the municipal election: *provided*, that at or before five o'clock P.M. of the twenty-fifth* day prior to such election nomination papers prepared and issued by the election commissioners, signed in person by at least five thousand registered voters in said city qualified to vote for such candidate at said election, shall be filed with said election commissioners, and the signatures on the same to the number required to make a nomination are subsequently certified by the election commissioners as hereinafter provided. Said nomination papers shall be in substantially the following form:

After such nomination papers have been filed, the election commissioners shall certify thereon the number of signatures which are the names of registered voters in the city qualified to sign the same. They need not certify a greater number of names than are required to make a nomination, with one-fifth † of such number added thereto. All such papers found not to contain a number of names so certified equivalent to the number required to make a nomination shall be invalid. The election commissioners shall complete such certification on or before five o'clock P.M. on the sixteenth ‡ day preceding the city election. Such certification shall not preclude any voter from filing objections as to the validity of the nomination. SECT. 60. All laws not inconsistent with the provisions of this act, governing nomination papers and nominations for, and elections of municipal officers in the city of Boston, shall so far as they may be applicable, govern the nomination papers, nominations and elections provided for in this act. The board of election commissioners shall be subject to the same penalties and shall have the same powers and duties, where not inconsistent with the provisions of this act, in relation to nomination papers, preparing and printing ballots, preparing for and conducting elections and counting, tabulating and determining the votes cast under the provisions of this act, as they have now in relation to municipal elections in said city.

* The Trustees serve without compensation.

The Trustees of the Public Library of the City of Boston, five in number, are appointed by the Mayor, one each year, for a term of five years. They were incorporated in 1878, and authorized to receive and hold real and personal estate to an amount not exceeding $1,000,000. This amount was changed to $10,000,000 in 1919. The first Trustees were appointed under an ordinance of October 14, 1852. The old Library Building on Boylston street was opened to the public in September, 1858, and closed finally in January, 1895. The Central Library Building on Copley square, costing $2,756,384, was first opened on March 11, 1895. The Library is maintained by an annual appropriation included in the regular budget of the City Government. Of this appropriation ($779,935 in 1923) about $90,000 was used for the purchase of books and periodicals. The 43 Library trust funds in the custody of the City Treasurer amounted to $593,980 on February 1, 1924.

The annual reports, the first of which appeared in 1852, have been continued without interruption.

Besides the daily delivery of books called for at the various branches, 189 public and parochial schools, 44 institutions and 56 fire-company houses are regularly supplied.

For reading and reference the Library is open to all without formality. On February 1, 1924, there were 117,119 cardholders having the right to draw books for home use. The total number of volumes was 1,308,041, and of newspapers and periodicals something over 3,000. The Overseers of the Poor in the Town of Boston, a corporation established in 1772 by act of the Legislature, were succeeded in 1864 by the corporation called "Overseers of the Poor in the City of Boston," consisting of twelve residents of Boston, four of whom are appointed annually to serve for the term of three years from the first day of May. The Board has issued annual reports since 1865.

The Overseers of the Poor are also incorporated as a Board of Trustees of John Boylston's and other charitable funds.

In charge of the Overseers are the Wayfarers' Lodge on Hawkins street, opened in 1878, which gives free lodging to homeless men who are out of employment, but exacts work in its woodyard for meals furnished; and the Temporary Home on Chardon street for destitute women and children, opened in 1870. The total amount of the 17 permanent charity funds in the custody of the Overseers on Feb. 1, 1924, was $940,203, the annual income from which (about $37,000) is distributed to pensioners according to the intentions of the donors of the funds.

Fountains Belonging to City, Located on Public Grounds.

Brewer Fountain, Boston Common; Coppenhagen Memorial Fountain, Edward Everett Square; Johnson Memorial Fountain and Gateway, entrance to Back Bay Park, Westland Avenue; "Maid of the Mist" and three other fountains, Public Garden; one fountain each on Blackstone, Franklin, Central, Independence and Sullivan Squares, Meeting House Hill, Thomas Park, Madison Park, Union Park and Massachusetts Avenue; Lyman Fountain, Eaton Square; Taft Memorial Fountain, Chestnut Hill Park.

Since the City's park development began, in 1877, the total expenditure, to the close of 1923, for parks, parkways and playgrounds (exclusive of the annual maintenance appropriation) is $25,387,498, or $10,065,477 for the land and $15,322,021 for construction.

The Arnold Arboretum (the "tree museum" of Harvard University), containing originally 122.6 acres, was added with other lands, in 1882, to the City's park system, under a special contract with Harvard University, and in 1895 another tract of 75 acres (Peter's Hill), also belonging to the University, was included, the name Bussey Park being added to the title. All the land in these tracts not required for driveways and walks, a quarry reservation and traffic road is used, under the trusts created by the wills of Benjamin Bussey and James Arnold, for Harvard's extensive collection of specimens of such trees and shrubs as will live in this climate.

The City maintains the roads and walks, also attends to policing the grounds. The Arboretum is open to visitors daily from 7 A. M. until sunset.

The Franklin Park Zoological Garden on the northern side of the park, begun in 1911, now occupies about eighty acres. Up to February 1, 1924, the amount expended for construction, etc., was $381,463. In the summer of 1912, the group of bear dens, the aquatic flying cage, etc., were finished and put on exhibition, in 1913 the bird house with other attractions, in 1914 the elephant house and in 1920 the lion house, were added. One of the latest improvements is the "Greeting" or main entrance and concourse leading from Blue Hill avenue, with massive stone gateway ornamental fence, etc., completing the original artistic design.

The Marine Park Aquarium, costing $144,530, was opened to the public on November 28, 1912. The entire outlay for both was appropriated from the George F. Parkman Fund income.

GEORGE F. PARKMAN FUND.

By the will of the late George F. Parkman, various real estate properties worth between $5,000,000 and $6,000,000 were left to the City, the income therefrom to be expended for the maintenance and improvement of the Common and such parks as were in existence January 12, 1887, and no part of it to be used for the purchase of additional land for park purposes. The bequest was accepted by the City Council, March 9, 1909, since which date most of the realty has been sold and the proceeds invested. On February 1, 1924, the principal of the fund in the custody of the City Treasurer, amounted to $5,217,231. In the fiscal year 1923–24, the income from the fund was $224,229.

HIGH PRESSURE FIRE SERVICE.

By the provisions of Chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high-pressure fire service for the business center of the City. The work completed, including the old salt-water fireboat line installed in 1898, comprises 13.72 miles of pipe with 370 hydrants. Total mileage of system to be 18.64. Two pumping stations are now in use and another is planned.

SEWER AND SANITARY DIVISION.

Main Office, 510 City Hall Annex.

Edward F. Murphy, *Division Engineer.* Salary, $5,000.

Thomas F. Bowes, *Engineer in charge of Sewer Service.* Salary, $4,000.

John M. Shea, *Construction Engineer, Sewer Service.* Salary, $3,300.

Edgar S. Dorr, *Office Engineer, Sewer Service.* Salary, $2,900.

Joseph J. Norton, *Supervisor of Sanitary, Street Cleaning and Oiling Service.* Salary, $3,500.

The Commissioner of Public Works in 1918 merged the Sewer Service, Sanitary Service and Street Cleaning and Oiling Service, designating these three former branches of the Highway Division as the Sewer and Sanitary Division.

The Division Engineer has charge of all sewer work; of the cleaning and oiling of streets, also the removal of house offal and refuse in the various districts of the City.

The total length of common and intercepting sewers on February 1, 1924, was 1,002.22 miles; total number of catch-basins in charge of Sewer Service 16,650.

Assessments upon the estates benefited by new sewers are not levied by the Public Works Department but by the Board of Street Commissioners (see Street Laying-Out Department), who also award damages to real estate

owners having approved claims for such. The assessment upon an estate for a new sewer is limited to $4.00 per linear foot and it is a lien upon the property until paid, the law allowing payment in annual instalments of 10 per cent of total assessment with interest.

In 1889 as provided by Chap. 439 of the Acts, the Metropolitan Sewerage Commission of three members undertook the construction of the North Metropolitan and South Metropolitan systems of trunk and intercepting sewers, the former to discharge into the sea at Deer Island and the latter at Moon Island. The City of Boston had already constructed, at a cost of $4,250,000, pumping works and a trunk sewer from Huntington avenue and Gainsborough street to Moon Island. The South system was completed and put into operation in 1892, the State paying the City for pumping and discharging the sewage received from the territory west of Huntington avenue. The North Metropolitan system, with four pumping plants and 41 miles of sewers, went into operation in 1896, costing $5,116,696. A third system, the Neponset Valley, with a total length of 11.3 miles, was completed in 1898. In 1906 the High-level sewer was completed and into its 17 miles of tunnel, extending from Roxbury to Quincy, thence to outlets off Nut Island, nearly all the sewage of the South District was diverted. On January 1, 1923, there were 66.8 miles of Metropolitan sewer in the North District, of which 10.4 miles were in Boston, and 51.3 miles in the South District, 24.0 miles being in Boston. Tributary to the two Metropolitan systems there were 1,524.62 miles of local sewers in the 28 cities and towns belonging.

REMOVAL OF STORE REFUSE.

The removal of refuse from shops, stores and warehouses, involving much extra labor, is attended to by the Sanitary Service and charged for at 11 cents a barrel or bundle (not larger than a flour barrel). No removals are made except on delivery of tickets obtainable at 504 City Hall Annex, or at the office of the Superintendent of Markets, Faneuil Hall Market.

WATER DIVISION.

Main Office, 606 City Hall Annex.

CHRISTOPHER J. CARVEN, *Division Engineer.* Salary, $5,000.

JAMES A. MCMURRY, *Engineer in Charge, Income and Meter Branch.* Salary, $3,500.

GEORGE H. FINNERAN, *Superintendent, Distribution Branch.* Salary, $3,100.

In April, 1918, that branch of the Highway Division called the Water Service became the Water Division.

Under the control of the Division Engineer are the care and maintenance of all pipes and other fixtures and appliances for the purposes of the City's water supply, also the assessing of water rates and issuing of the bills therefor.

The total length of supply and distributing water mains on February 1, 1924, was 894.07 miles; number of services about 90,000 (excluding those not in use) of which 90 per cent were metered; number of public fire hydra ts, 10,028; number of public drinking fountains, 151, of which 83 are fitted with hygienic bubble fixtures and 68 are for animals only.

The first water document published by the City of Boston appeared in 1825. In addition to the annual reports on the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

A State commission, the Metropolitan Water Board, took possession, in 1898, of all that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was $12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. Total quantity of water in the ten storage reservoirs of the Metropolitan system on January 1, 1923, 70,795,200,000 gallons, of which 80 per cent was in the Wachusett Reservoir in Clinton, 32 miles west of Boston, an artificial lake 4,135 acres in surface area and added to the system in 1905. There are also twelve distribution reservoirs with capacity of 2,400,000,000 gallons, five pumping-stations being connected with these, in which stations 34,590,267,000 gallons of water were pumped during the year 1923. In the existing Metropolitan Water District are nine cities, besides Boston, and nine towns. Boston takes about 75 per cent of the entire water supply of the District.

The daily average amount of water used in Boston in 1923 was 88,932,800 gallons, or 105.5 gallons per capita.

The Board has power to lay out, relocate, alter or discontinue highways in the City, to order specific repairs, also, with the approval of the Mayor, the construction of sewers and to take for the City any lands, water courses and ways deemed necessary for such construction. It levies the betterment assessments on estates benefited by the construction of new sewers and new or improved highways, also awards damages for takings of land, and grants to landowners permission to open private streets. In 1895 the duties of the Board of Survey were transferred to the

Street Commissioners ; in 1907 they were charged with the licensing of street stands for the sale of merchandise, in 1908 with the regulation of street traffic, and in 1913 with the authority to grant or withhold permits for the erection of automobile garages. There is no annual garage fee.

They collect the annual license of $1.00 for selling and keeping gasoline.

As authorized by Chapter 680, Acts of 1913, the Street Commissioners issued on April 9, 1914, their "Rules and Regulations Relating to Projections on or over Public Highways." These rules were amended in 1915, as authorized by Chapter 176, General Acts of that year, the changes taking effect July 20. The penalty for disregard of said rules is a fine not exceeding five dollars for each day of negligence after five days' notice.

Fees for permits and each annual renewal thereof are fixed as follows:

FRANKLIN UNION, corner Appleton and Berkeley streets.
WALTER B. RUSSELL, *Director.*

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of twelve citizens being named therein as Managers of the Franklin Fund and having the standing of a City department with the object of maintaining the Franklin Union as an independent industrial school for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000

* The Managers serve without compensation.

in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," $329,300.48 ($\frac{100}{131}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, a Board of Managers to take the place of the "Selectmen," and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie $408,396.48, said sum being equal to the amount of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate. Only the annual income from this fund is used.

On January 31, 1907, the amount of the "accumulated" fund available for expenditure by the Managers was $438,741.89, and in that year the Franklin Union Building was erected at the corner of Appleton and Berkeley streets. It was opened for the use of the Franklin Trades School, or Franklin Union as it is now called, in September, 1908. This is maintained partly by tuition fees, rents, etc., $219,666 total in year 1923, including the income from the above mentioned Franklin Fund (*i. e.*, the Andrew Carnegie Donation), which fund amounted to $461,002 on January 31, 1924. The building contains 24 classrooms and 6 draughting rooms, where 2,183 adult students received instruction during the year 1923, the fees ranging from $4 to $15. There is also a technical and scientific library, and a large hall with a seating capacity of 1,000. The building with equipment cost $402,718. The site, containing about 16,000 square feet, was purchased in 1906 for $100,000, a 20-year loan being issued to cover same.

The Franklin Accumulating Fund, which will become available in 1991, amounted on January 31, 1924, to $354,614.

The Licensing Board for the City of Boston, established in 1906, consists of three members, appointed by the Governor, with the advice and consent of the Council. The members must be citizens of Boston who have resided in the City for at least two years preceding the date of their appointment. The two principal political parties must be represented and the term of the members is fixed at six years; after the first appointments, one member retiring every two years. The Board was created to exercise all the powers and perform all the duties conferred upon the Board of Police of the City of Boston relative to intoxicating liquors, also as to innholders and common victuallers. In 1909 they took charge of licensing the sale of ice cream, fruit, soda water and confectionery on Sunday.

Licenses for the selling, renting or leasing of firearms are now issued by this board instead of by the City Clerk. The annual fee established for such licenses is $5.00. It also has charge of the licensing of picnic groves, skating rinks, intelligence offices, billiard tables and bowling alleys, formerly attended to by the Police Dept.

They are also constables, serving without bonds, and the salary of the position is $1,680 for first year, with annual increase of $108; fixed maximum, $2,220. There are 28 officers besides the acting chief and they may be seen from 9 to 9.30 A. M., on the days that the schools are in session at the principal schoolhouse in the district served.

MEDICAL INSPECTORS AND NURSES.

Regular medical inspection of the schools was maintained from 1894 to 1915, under the supervision of the Health Department. Beginning September 1, 1915, the School Committee took charge of this service, appointing 41 physicians, since increased to 54 besides the director, with annual salary of $900.

Chapter 357, Acts of 1907, provided for the appointment by the School Committee of one supervising female nurse and as many district female

nurses as are deemed necessary. For the 73 elementary and intermediate school districts there are 52 nurses in the service besides the supervising nurse. Salaries (from Sept. 1, 1923), supervising nurse, $1,956 first year, with annual increase of $120, maximum at $2,196; nurses, $1,296 first year, with annual increase of $96, maximum at $1,584; the appropriation allowed for school physicians and nurses, at 9 cents per $1,000 of valuation, amounted to $144,592 in 1923–24.

The sum available for this branch of education is 11 cents on each $1,000 of the City's assessed valuation, the appropriation for 1923–24 being $179,273.

There are now a director, 14 instructors and 12 assistant instructors of physical training, 6 instructors in military drill, also 170 playground teachers, the latter having charge of games, gymnastics, etc., in the 34 schoolyard playgrounds and 56 park playgrounds in use.

INDUSTRIAL SCHOOLS PARTLY MAINTAINED BY STATE.

By Chapter 471, Acts of 1911, and Chapter 106, Acts of 1912, the State especially encourages the establishing of Independent Industrial Schools, allowing financial aid for their maintenance proportionate to the amount raised by local taxation and expended for all public schools. Under this arrangement the School Committee is reimbursed by the State to the extent of one half the net maintenance cost of such industrial schools established in Boston thus far with the approval of the State Board of Education. By Chapter 805, Acts of 1913, Continuation Schools, for employed children between fourteen and sixteen years of age, were included under the same plan of State aid. The four schools thus maintained are the Boston Trade School (for Boys), day and evening, Trade School for Girls, day and evening, Voluntary Continuation School and Compulsory Continuation School.

MANUAL TRAINING ROOMS AND PRE-VOCATIONAL CENTERS.

There are six manual training rooms located in high schools, one in each of the following-named districts: Brighton, Charlestown, Dorchester, East Boston, Hyde Park and Jamaica Plain. In addition to these there are eighty-five manual training rooms located in elementary and intermediate schools.

There are ten pre-vocational centers for boys, with outfits for classes in book-binding, printing, woodworking, machine-shop, electrical and sheet metal work. For girls there are three, with outfits for classes in dressmaking, embroidery, millinery, cooking, printing, home management, also cafeteria work.

SCHOOL KITCHENS AND GARDENING.

There are six high schools offering courses in household science and arts, Brighton, Charlestown, Dorchester, Hyde Park, also Girls' High and High School of Practical Arts, and sixty-four rooms fitted as kitchens and used for instruction in cookery.

A director, assistant director, 45 teachers of cookery and 70 teachers of sewing are assigned to this Department of Household Science and Arts.

Classes in gardening are conducted in the Normal and Jamaica Plain High schools, also in fifty-four elementary schools.

EVENING HIGH, ELEMENTARY AND INDUSTRIAL SCHOOLS.

There are nine evening high schools, Central, for men and boys only (English High Schoolhouse), Girls', Brighton, Charlestown, Dorchester, East Boston, Roxbury, South Boston and Hyde Park. These schools, whose sessions are on Monday, Tuesday and Thursday evenings, from 7.30 to 9.30, are held in the several high schoolhouses of the districts named. All but the Central High are commercial schools.

There are twenty-five elementary evening schools, including eight branch schools of same in session on Monday, Tuesday and Thursday evenings.

Evening industrial classes are conducted in the Boston Trade School and four branch schools held in the Mechanic Arts, Brighton, East Boston and Hyde Park High schoolhouses.

CONTINUATION SCHOOL (DAY).

All children 14 to 16 years of age employed under an employment certificate are compelled by law to attend the school four hours per week.

DAY SCHOOLS FOR IMMIGRANTS.

There are forty-three schools for immigrants where instruction in the English language is provided, classes being conducted daily (except Saturday) for two hours in the forenoon and the same in the afternoon.

SUMMER REVIEW SCHOOLS.

These supplementary schools, one high and ten elementary, for pupils who have been retarded in their studies, were started in 1914. The term is forty days, and the number of pupils in 1923 was 5,684. Of the elementary school pupils 66 per cent won promotion in 1923.

USE OF SCHOOLHOUSES FOR SOCIAL AND CIVIC PURPOSES.

In 1912 the School Committee were authorized by statute to allow the use of buildings under their control by associations and individuals (other than school pupils) for social, recreative and civic purposes at times when

the schools were not in session. Under this arrangement there are now eleven School Centers, each having a manager and largely attended on three evenings a week.

The School Committee may annually appropriate for this purpose a sum equal to three cents on each $1,000 of the City's assessed valuation, which in 1923–24 amounted to $48,197. Some of the school halls are rented for other social meetings and entertainments and the basements of 150 schoolhouses are used by the Election Department as polling places, lighting and janitor service being paid for.

PENSION AND RETIREMENT FUND FOR TEACHERS.

The School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for a period of thirty years or more, ten years of which has been in Boston, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than $312 nor more than $600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee are authorized to provide for these pensions by appropriating annually an amount equal to seven cents on each $1,000 of the City's assessed valuation. The Permanent School Pension Fund amounted to $461,360 on February 1, 1924, and 354 retired teachers were receiving pensions therefrom.

The Boston Teachers' Retirement Fund Association, started in 1900, is paying $120 per year to 301 annuitants and smaller sums to five others, the total amount of its fund on February 1, 1924, being $793,853. At that date 3,489 teachers were each contributing $18 per year to this fund.

BOSTON RETIREMENT SYSTEM.

By Chap. 521, Acts of 1922, retirement of certain City and County employees was provided for, with pensions based on annuity and contributory payments. Every employee in service on Feb. 1, 1923, unless already covered by some other pension law, shall, on the expiration of 60 days from said date, be regarded as a member of this retirement system if no written notice declining such membership has meanwhile been received. An employee already covered by some other pension law cannot join this system except by waiving and renouncing all benefits enjoyed under such other law. All persons who become employees after Feb. 1, 1923, shall be members of this system and cannot receive any allowance other than under its provisions.

Three separate funds are established by this retirement system, viz.: (1) the Annuity Savings Fund, to which shall be paid regular four-per cent deductions from the salaries of employees belonging; (2) the Pension

Accumulation Fund, consisting of annual contributions by the City, determined by actuarial computations on the basis of mortality and service tables approved by the Retirement Board; (3) the Retirement Reserve Fund, to which, upon a member's retirement, shall be transferred the following amounts: (*a*) from the Annuity Savings the accumulated deductions from the member's salary, (*b*) from the Pension Accumulation a sum equal to the said total deductions, (*c*) also from the Pension Acc. in case of the accidental death or the retirement of a new entrant a sum sufficient to provide the pension payable on such account not covered by paragraph (*b*). To all members leaving the service, not by retirement, shall be returned from the Annuity Savings Fund the accumulated payments of such to said fund.

A member of this retirement system who shall have attained age, 60, shall upon his own application be retired for superannuation within 30 days after the filing of such application, or he may, and if a member of the police force he shall, upon the application of the head of his department be retired for superannuation by the Retirement Board. A member of this system who shall have attained age, 70, shall be retired for superannuation within 30 days, except members of the judiciary, etc.

Upon retirement for superannuation a member of the retirement system shall receive a retirement allowance consisting of: (*a*) an annuity which shall be the actuarial equivalent of his accumulated payments to the Annuity Fund at the time of his retirement, (*b*) a pension equal to said annuity, (*c*) if a member was an employee at the time the system was established and became a member within one year thereafter, an additional pension having an actuarial value equivalent to twice the contributions which he would have made during his prior service had the system then been in operation, together with regular interest thereon. The total pension of any member shall not exceed one half of the average annual compensation received by him during the five years immediately preceding his retirement.

Retirement for ordinary disability shall be made by the Retirement Board upon the application of the head of the department in which the member is employed or of the member or a person acting in his behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired; provided, that said member has not attained age, 60, and has had 15 or more years of service next preceding his application and that the Medical Board, after examination, shall report that said member is physically or mentally incapacitated for the performance of duty and that he should be retired. Upon retirement for ordinary disability a member shall receive a retirement allowance consisting of: (*a*) an annuity which shall be the actuarial equivalent of his accumulated payments to the Annuity Fund at the time of his retirement, (*b*) a pension equal to said annuity but not to exceed 90 per cent of the pension that would have been provided at age, 60, (*c*) an additional pension of such an amount as would together with the pension under (*b*) make up a total pension of 90 per cent of the pension that would

have been provided had he remained without further change of compensation in the service until he reached age, 60, and retired.

Retirement for accidental disability, that is because of an accident occurring during performance of duty and not the result of contributory negligence, is provided for by an extra pension allowance, the whole to be equal to three-fourths of the annual salary received at time of accident. Death benefits are also granted to the dependents of members fatally injured in the service. The Retirement Board constituted by this law numbers three persons, viz., the City Treasurer (the permanent member), one person appointed by the Mayor and the third chosen by the other two, the term of the last two being four years. The Medical Board, needed to decide all questions relating to members' disability, consists of three physicians, viz., a surgeon, a medical practitioner and a neurologist, to be appointed by the Boston City Hospital Trustees on nominations made by the senior medical staff of said hospital.

Pensions and annuities are payable in equal monthly instalments. The foregoing statement presents the outstanding features of the Boston Retirement Act, which consists of 34 sections, was enacted in June, 1922, accepted by City Council on Aug. 7 by vote of 6 to 3, and approved by Mayor on Aug. 22. The Mayor's appointee for the Retirement Board is Wilfred J. Doyle, the present chairman.

On petition of the Mayor, the minimum pension for members of the system was fixed at $480 per year by Chap. 426, Acts of 1923, to apply in cases where the length of service has been at least 15 years. This Act was accepted by the City Council on May 28, 1923.

Nothing herein shall be construed to prohibit the operation, in addition to the service described in the schedule on file and in effect at the time, of special or extra trips over said route and between said termini during certain hours or on special occasions.

SECT. 13. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself or herself at any regular stopping place for carriage, unless the seats of such vehicle are fully occupied, or unless such person is in an intoxicated condition, or conducting himself in a boisterous or disorderly manner, or is using profane language.

No person operating any motor vehicle so licensed shall collect fares, make change or take on or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, cigar or pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage or use morphine, cocaine, opium or other harmful drug of any kind, or be under the influence thereof while engaged in operating such vehicle.

SECT. 17. Every licensee shall immediately report fully, in writing, to the city clerk , the time, place, and cause of any fatal accident or any injury to a passenger or other person, and of any accident resulting in substantial damage to property, in which he or any motor vehicle or operator under his control is involved.

SECT. 18. The street commissioners may suspend or revoke any license granted for such motor vehicle, and any license issued by them to any person to drive or operate such vehicles, for violation of any law of the commonwealth in relation to the operation of motor vehicles, or for violation of any ordinance or street traffic regulations, or for violation of any of the rules, restrictions, requirements or regulations herein prescribed, or for

any other cause deemed by said street commissioners, in the exercise of reasonable discretion, to be sufficient.

REGULATION OF BUILDING HEIGHTS.

[Stat. 1904, Chap. 333; Stat. 1905, Chap. 383; Stat. 1907, Chap. 416; Stat. 1912, Chap. 582; Stat. 1914, Chap. 786; Spec. Stat. 1915, Chap. 333; Spec. Stat. 1919, Chap. 156; Stat. 1920, Chap. 455; Stat. 1922, Chap. 174.]

In 1904 the Legislature provided that the City of Boston should be divided into two districts, designated as Districts A and B, and that if not repugnant to some other statute, buildings could be erected in District A to a height of 125 feet, but that except as to certain projections above the roof, no buildings could be erected in District B to a height greater than 80 feet. A commission fixed the boundaries of these districts and they were intended to remain in effect until 1919.

In 1915 a new commission was appointed, consisting of the Chairman of the City Planning Board, the Fire Commissioner and the Building Commissioner, who filed their order in the Registry of Deeds on November 2, 1916, to remain in force for ten years, and superseding the order of 1904 as to the boundaries of Districts A and B.

District A. The boundaries established begin at the intersection of Wauwatosa st. and Chelsea creek (Ward 1, East Boston), thence extend easterly through Wauwatosa and Boardman sts. to Saratoga st., thence southwesterly and westerly through Saratoga and Addison sts. to the B. & M. R.R., thence along said railroad to Saratoga st., thence through Saratoga st. to Neptune rd., Eagle sq., Eagle, Glendon and Condor sts. to Meridian st., thence southerly through Meridian, Gove, Orleans and Marginal sts. to Jeffries st. (Ward 2), thence northeasterly to Maverick st. and through same to the B., R. B. & L. R.R., thence along latter to the center of Porter st. extended, thence through Porter, Bremen and Prescott sts. to the B., R. B. & L. R.R., thence along said railroad to the northern boundary of Wood Island (now World War Memorial) Park (Ward 1), thence easterly along same to the harbor line, thence along said line of Boston Harbor and Chelsea creek to the point of beginning. These are the East Boston boundaries of District A.

The boundaries in Charlestown begin at the Malden Bridge (Ward 3), thence extend southerly through Alford st. to Sullivan sq., thence southeasterly through Bunker Hill and Medford sts. to Chelsea st. (Ward 4), thence southerly through latter to Henley st., thence westerly through same, Harvard sq. and Harvard st. to Washington st., thence through latter and Rutherford ave. northwesterly to Sullivan sq., thence through Cambridge st. to the City line, thence along said line and the Charles river to Charlestown Bridge, thence along the harbor line and the Mystic river to the point of beginning.

In the City proper the boundaries begin at the intersection of the City line with the Charles river dam (Ward 5), thence extend along said dam and Leverett st. to Green st., thence through Green, Staniford and Cambridge sts. to Bowdoin st., thence southerly through same, Beacon, Park and Tremont sts. to Boylston st., thence through latter, Massachusetts ave. and the line of the N. Y., N. H. & H. R.R. (Providence Div.) to Tremont st. at Roxbury Crossing, thence through Columbus ave., Roxbury st., Guild row and Dudley st. to Columbia rd. (Upham's Corner), thence through same to Dorchester ave., thence southerly to Park st. (Ward 20), and through latter and Adams st. to Neponset ave., thence through said avenue to the N. Y., N. H. & H. R.R. (Milton Branch), thence along said railroad and through Granite ave. to the Neponset river, thence easterly and northerly along the shore of said river and the harbor lines of Dorchester bay and Old Harbor to the intersection of Old Colony ave. and Columbia rd., thence northerly along Old Colony ave. to E st. (South Boston), thence through latter, Broadway, Dorchester and East Second sts. to I st., thence northerly through I to East First st. and easterly through latter to Farragut rd., thence northerly through same and Farragut rd. extended across the reserved channel, thence along the harbor line of South Boston to Northern Avenue Bridge, thence westerly along said bridge to the harbor line of Boston Proper, thence northerly and westerly along said harbor line and Charles river to the point of beginning.

Wherever a boundary line of District A is described as following a certain street, the same is intended to include all property on that side of the street which lies within the described area, and also that portion of all lots on the opposite side of the street, abutting on the street, but extending to a depth of not more than 150 feet.

District B comprises all territory in the City outside the boundaries above described. In this district buildings may in general be erected to a height of not more than 80 feet, but on streets exceeding 64 feet in width the height may be equal to one and a quarter times the width of the widest street upon which the building stands, said height to be measured from the mean grade of the curbs of all streets upon which the building is situated and not to exceed in any event 100 feet above such point of measurement. On all streets or portions of streets upon which buildings may be erected on one side only, the buildings may be erected to a height of 100 feet. No building may be erected to a height greater than 80 feet unless its width on each and every public street upon which it stands be at least one-half its height. Certain special exceptions to the general regulations affecting District B have been made as follows:

No building can be erected on a parkway, boulevard or public way on which a building line has been established by the Board of Park Commissioners or by the Board of Street Commissioners acting under any general or special statute, to a greater height than that allowed by the order of said Boards.

No building upon any land, any owner of which has received and retained compensation in damages for any limitation of height, or who retains any claim for such damages, can be erected to a height greater than that fixed by the limitation for which such damages were received or claimed.

No limitation of the height of buildings applies to churches, steeples, towers, domes, cupolas, belfries or statuary not used for purposes of habitation, nor to chimneys, gas holders, coal or grain elevators, open balustrades, skylights, ventilators, flagstaffs, railings, weather vanes, soil pipes, steam exhausts, signs, roof-houses, nor to sugar refineries in District A.

By Chap. 156, Special Acts of 1919, section four of Chap. 383, Acts of 1905, was amended so as to allow roof-houses, skylights, etc., above the roof line, used to enclose elevator shafts, an additional space of four feet on all sides (or 16 feet square in all), but not to exceed 12 feet in height. All such roof structures of first-class buildings may be constructed of angle iron and four-inch blocks, plastered inside and outside, or covered on both sides with metal or angle iron, and two-inch solid metal lath and plaster walls may be used, the door to be of metal frame and covered with metal.

The limitation as to size of roof-houses was revoked by Chap. 174, Acts of 1922, and the requirements concerning such were left to the discretion of the Building Commissioner.

In 1923, by Chap. 462, sec. 11, a maximum building height of 15 feet (instead of 125 feet as before) was permitted for buildings in District A.

The terms of office of the mayor of the city of Boston, of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-six, and of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-seven, shall terminate at ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. There shall be no municipal election in said city in the year nineteen hundred and twenty-four, and the terms of office of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-five, are hereby extended to ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. The salary of any official whose term of office is terminated as aforesaid shall cease at the time of such termination and the salary of any official whose term of office is extended as aforesiad shall continue at the same rate as theretofore so long as he continues to serve during the period of such extension.

Section 2. Section three of chapter four hundred and eighty-six of the acts of nineteen hundred and nine is hereby amended by striking out, in the twenty-fifth line, the words "December first" and inserting in place thereof the words: — November fifteenth,— and by striking out, in the twenty-sixth line, the word "February" and inserting in place thereof the word:— January,— so that the second paragraph will read as follows:— The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between November fifteenth and January first, make transfers from any appropriation to any other appropriation: *provided however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECTION 3. Said chapter four hundred and eighty-six is hereby further amended by inserting after section four the following new section:— *Section 4 A.* The mayor may designate one clerical assistant for whose acts he shall be responsible to sign his name in approval of all vouchers of less than five hundred dollars each.

SECTION 4. Said chapter four hundred and eighty-six, as amended in section thirty-two by section one of chapter seven hundred and thirty of the acts of nineteen hundred and fourteen and by section one of chapter two hundred and eighty-eight of the acts of nineteen hundred and twenty one, is hereby further amended by striking out said section thirty-two and inserting in place thereof the following:— *Section 32.* Beginning in the year nineteen hundred and twenty-five, the municipal election in said city shall take place biennially in every odd numbered year on the Tuesday after the first Monday in November.

SECTION 5. Said chapter four hundred and eighty-six is hereby further amended by striking out section thirty-three and inserting in place thereof the following:— *Section 33.* The fiscal year in said city shall begin on January first and shall end on December thirty-first next following; and the municipal year shall begin on the first Monday in January and shall continue until the first Monday of the January next following. At the biennial municipal election in the year nineteen hundred and twenty-five, the five members of the school committee shall be elected. The two candidates receiving the largest number of votes at said election shall hold office for four years, and the three receiving the next largest number of votes at said election, for two years. At every biennial municipal election thereafter, all members of the school committee to be elected shall be chosen for terms of four years each. The terms of all members of the school committee shall begin with the first Monday of January following their election and continue until their successors are chosen and qualified. The members of the school committee shall meet and organize on the first Monday of January following their election.

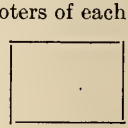
SECTION 6. Said chapter four hundred and eighty-six, as amended in section forty-five by section one of chapter ninety-four of the Special Acts of nineteen hundred and eighteen, is hereby further amended by striking out said section forty-five and inserting in place thereof the following:— *Section 45.* Beginning with the biennial municipal election in the year nineteen hundred and twenty-five, the mayor of the city of Boston shall be elected at large to hold office for the term of four years from the first Monday in January following his election and until his successor is chosen and qualified and shall not be eligible for election for the succeeding term.

SECTION 7. Section forty-seven of said chapter four hundred and eighty-six, as amended by section three of chapter seven hundred and thirty of the acts of nineteen hundred and fourteen, is hereby further amended by striking out the first two sentences and inserting in place thereof the following:— If a vacancy occurs in the office of mayor, within two months prior to a regular municipal election other than an election

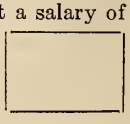
for mayor, or within sixteen months after any regular municipal election the city council shall forthwith order a special election of mayor to serve for the unexpired term, and if such vacancy occurs at any other time there shall be an election for mayor at the next regular municipal election for the term of four years; provided, that the foregoing provisions shall not apply if such vacancy occurs between the date of an election at which a new mayor is elected and the date he takes office,— so as to read as follows:— *Section 47.* If a vacancy occurs in the office of mayor within two months prior to a regular municipal election other than an election for mayor, or within sixteen months after any regular municipal election, the city council shall forthwith order a special election of mayor to serve for the unexpired term, and if such vacancy occurs at any other time there shall be an election for mayor at the next regular municipal election for the term of four years; provided, that the foregoing provisions shall not apply if such vacancy occurs between the date of an election at which a new mayor is elected and the date he takes office. In the case of the decease, inability, absence or resignation of the mayor, and whenever there is a vacancy in the office from any cause, the president of the city council while said cause continues or until a mayor is elected shall perform the duties of mayor. If he is also absent or unable from any cause to perform such duties they shall be performed until the mayor or president of the city council returns or is able to attend to said duties by such member of the city council as that body may elect, and until such election by the city clerk. The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters not admitting of delay, but shall have no power to make permanent appointments except on the decease of the mayor.

Section 8. At the biennial state election in nineteen hundred and twenty-four, the registered voters of the city of Boston shall be entitled to vote upon the following plans of city council, which shall be printed upon the official ballot in the following form. Each voter shall make a cross in the space at the right of the plan which he desires to have adopted. No ballot shall be counted upon which the voter has made a cross in each such space.

Plan No. 1. A city council of fifteen members to consist of three members to be elected for two year terms by and from the voters of each of five boroughs (each comprising certain specified wards), at a salary of fifteen hundred dollars each, nominated as heretofore, except that the names of five hundred voters only shall be required to nominate each member.



Plan No. 2. A city council to consist of one member to be elected for a two year term by and from the voters of each ward at a salary of fifteen hundred dollars each, nominated as heretofore, except that the names of one hundred voters only shall be required to nominate each member.



SECTION 9. If a majority of the votes cast under the provisions of the preceding section are in favor of the first plan, then sections ten to twelve, inclusive, shall take effect subject to section twenty-one, and sections fourteen to sixteen, inclusive, shall be inoperative.

SECTION 10. Said chapter four hundred and eighty-six is hereby further amended by striking out section forty-eight and inserting in place thereof the following:— *Section 48.* For the purpose of electing city councillors, the city of Boston is hereby divided into the five following boroughs, each comprising the territory within the wards as constituted on January first, nineteen hundred and twenty-four, which are hereinafter assigned to it:
